

# Cookie policy

This document has been prepared by ATYS-CO Kft. (H-1107 Budapest, Fertő u. 14.) with the aim of summarising the most important information regarding the use of cookies.

The [www.atysco.hu](http://www.atysco.hu) website uses cookies for the operation of the site, for facilitating the use of the site, and for tracking activities on the site.

## What are cookies?

Cookies are small pieces of data package stored in web browsers by web-based services. They represent a technology essential for providing effective online services that offer a modern user experience, and consequently, they are supported by all currently-available browsers.

## The purpose of cookies used by [www.atysco.hu](http://www.atysco.hu)

- to facilitate your navigation on our website and the use of its functions, thus ensuring a seamless user experience,
- to collect information how you use our website by assessing which parts of it you visit or use most; to let us know how we can provide an even better user experience to you when you return to our site,

## Types of cookies

### a. Essential cookies

These cookies guarantee the proper functioning of the website, facilitate its use, and collect information on the use of the website without identifying the visitors. This includes storing calculator use values, the status of cookie acceptance, remembering login modes and data, the status of website notification messages and the reduced functionality Google Analytics code. Please remember that we are unable to guarantee the comfortable use of our website without these cookies.

### b. Analytical cookies

With the aim of developing our website and improving user experience, we also use cookies that enable us to collect information on how visitors use our website. These cookies are unable to identify you personally; they merely collect information such as the pagesour users visited, which part of the website they clicked on, how many pages they opened, how long each session lasted, and what kind of error messages occurred,. Such performance cookies are the Google Analytics cookies as well. Please click [here](#) for more information on Google Analytics cookies.

## We use cookies of the following service providers on our website:

a. Google Analytics

Detailed information on the service is available at the following link:  
<https://analytics.google.com › analytics › web>

b. Facebook

Detailed information on the service is available at the following link:  
<https://www.facebook.com/help/cookies/>

## How to check and disable cookies

All web browsers allow users to modify cookie settings. Most web browsers will automatically accept cookies by default; however, these settings can usually be changed, thus the browser can prevent automatic acceptance, and offer the possibility of choosing whether you want to allow the use of cookies each time you access the website. Please note that since the aim of cookies is to enhance or enable the use and processes of our website, the disabling or deletion of cookies may result in your inability to use all functions of our website or may cause different run of the website in your browser than originally designed.
